reflecta Monitor- Projector AFM 2000

The new reflecta AFM 2000 is almost ideal for Monitorprojection and wall projection. For large and impressive reproduction on a wall screen just take the monitor off entirely. Besides the projector is suitable for 3 Magazine-Systems. The operator can use Universal-, CS-, and LKM magazines.

reflecta AFM 2000 (Art.Nr. 16601)

- **Cable remote control**
  With the green button you steer the slide change forwards and backwards.
- **IR-Autofocus-System**
  For automatic sharpness adjustment
- **Large focusing wheel**
  For easily and exactly basic adjustment of focus for the first slide
- **Halogen Lamp 24V / 150 W**
  The powerful halogen lamp of high luminosity produces a brilliant image in natural colours
